Description

A modern house under construction in the growing community of Tseri. With an internal space of 133.91 square meters, this ground floor property features three spacious bedrooms and two stylish bathrooms, offering comfort and convenience for families or professionals.

The design embraces natural light and creates an open, airy atmosphere. The home will be built to high standards of energy efficiency, receiving an A rating for sustainable living and lower utility costs. The thoughtful layout ensures privacy and ease of use in every room.

Tseri is known for its peaceful surroundings, friendly neighborhood vibe, and easy access to major roads and local amenities. Residents enjoy a blend of suburban calm and close proximity to schools, shops, and parks. It is a popular choice for those seeking a quieter lifestyle without sacrificing convenience.
