Description

The project is located in Aglantzia and provides an easy access both to the city center and the main highway. The newly developed neighbourhood is based on modern urban planning featuring contemporary landscaping and tranquillity.

It consists of two contemporary and luxurious residences with a unique and inspired architectural design, addressing all new trends and needs, giving ergonomic solutions that are both effective and cost efficient. By adopting new technologies the project achieves energy efficiency A providing 100% energy autonomy, therefore a sustainable solution with zero consumption cost.

There is big emphasis to the quality and attentive selection of materials, ensuring that the developments will provide residences for life.

Offered with 5kw photovoltaic system.
